

Demonstration Session Presentations

Demonstration Session is held at Room 222 & 223, from 12:30-13:30 on December 16th, 2009 (Wednesday) with complimentary lunch.

SocLab

Joseph El-Gemayel, Paul Chapron

Service-oriented Open Multiagent Systems modeling tool

Emilia Garcia, Estefania Argente and Adriana Giret

Analysis, comparison and selection of MAS software engineering

Emilia Garcia, Adriana Giret, Vicente Botti

IDEA: Interactive Design Environment for Flexible Agent System

Takahiro Uchiya, Hideki Hara, Kenji Sugawara, Tetsuo Kinoshita

SmartContractor: A Distributed Task Assignment System based on the Simple Contact Net Protocol

Bipin Khanal, Hideyuki Sugiura, Takayuki Ito, Katsuhide Fujita, Masao Kobayashi, Masashi Iwakami

Association-Based Motion Generation Involving Human-Robot Interaction

Satona Motomura, Shohei Kato, and Hidenori Itoh

Wide-Area Traffic Simulation based on Driving Behavior Model

Yuu Nakajima, Yoshiyuki Nakai, Hattori Hiromitsu, Toru Ishida

P2PSNS: secure and robust agent-community-network-based peer-to-peer social networking service system

Tsunenori Mine

Participatory Simulation Environment gumonji/Q

Shohei Yamane, Shoichi Sawada, Hiromitsu Hattori, Marika Odagaki, Kengo Nakajima, and Toru Ishida
